Contract
cleaning

Hakomatic B 70

Easy handling, superb performance, low costs, environmentally-friendly.

The new Hakomatic B 70/B 70 CL is proof that things have just got even better.

- Robust brush head made of corrosion-resistant aluminium castings, as an option for ①
 - plate brushes, 65 cm (B 70 CL brush pressure can be adjusted / increased) or
 - cylindrical brush, 60 cm, with integrated sweeping function.
- Two powerful brush motors guarantee an even cleaning result across the whole width of the machine.
- As a result of the low brush deck (<10 cm) – ideal for cleaning underneath obstacles. ②

- The direct Brush Release System (**BRS**) allows brushes to be changed quickly.
- Hako's Aqua Control System (**ACS**) provides additional cost savings and environmental protection with:
 - brushes and water stopping automatically when the machine comes to a stand still.
 - precise dosage of cleaning solution.
 - amount of cleaning solution released depends upon machine speed.
- Battery running time to suit the application, on-board charger fitted as standard.

- Easy, ergonomic operation as a result of the compact, manoeuvrable construction. Simple, clearly laid out arrangement ensures that the machine is quickly mastered and maintenance is easy. Ergonomic, adjustable speed regulation. ③
- Large tank opening in clean water tank saves time when filling using fast-fill and automatic filling systems. Running time and tank filling are in tune with each other. ④
- Even given difficult floor conditions, optimum up-take of cleaning solution thanks to a new kind of squeegee geometry with additional Quick Adjust System. Quick-clamping device for squeegee lips, which can be used four times and are highly-resistant to wear. ⑤
- Flow-optimized dirty water tank with **AFS** (Anti Foam System) to protect the vacuum turbine. As a result of the large tank lid, easy access for cleaning purposes. ⑥
- Service-friendly access to batteries and drive. ⑦
- "Silencer" option means significant noise reduction (B 70 CL).
- Dirty water tank optionally available in white, individual side panels to allow for your own design. ⑧

The new Hakomatic B 70/B 70 CL is considerably easier to manoeuvre, provides outstanding visibility of the area to be cleaned and leaves more room for operator's feet when moving forward.

Experience the difference:

Enjoy the convincing function, easy handling and superb performance of the new Hakomatic B 70/B 70 CL!

We reserve the right to
change the shape, colour
and design of machines in
the interests of continued
technical development.

Everything speaks for Hako:

Cleanliness with safety.
Hako machines adhere to strict
quality regulations/standards -
"Quality made by Hako".
We also take care of what we sell -
world-wide.

Sales, hire, leasing, rental. With
Hako, you can plan your capital ex-
penditure on a completely individual
basis. You can enter into short-term,
medium-term or long-term agreements
with regard to machine usage.

**We are there for you day and
night.** Round-the-clock service and
express spare parts delivery - order
today and have the parts tomorrow!
So you can get on again as quickly
as possible.

Close to you, wherever you are.
The unsurpassed close knit Hako
sales and service network means
we are always close at hand -
a bonus when you need us.
Convince yourself.
